Lusitania Holds Record With Ten Hours Lead

New York, N. Y., Oct. 10. — The steamship Lusitania has reached Sandy Hook from Liverpool, making the trip in four days and twenty hours, her average running time on the voyage was twenty-four knots.

On her first trip across, the Lusitania did the distance in five days and fifty-four minutes, which was better by six hours than had ever before been made. She has now increased the lead over ten hours. If she was placed on the Alameda's run she would make the trip in three days and eight hours from wharf to wharf.

PREVIOUS BEST RECORDS OF OCEAN GREYHOUNDS

Record from Queenstown to Sandy Hook—Lucania, 5 days 7 hours and 23 minutes.

Record from Southampton to New York—Kaiser Wilhelm der Grosse, 5 days and 26 hours.

Record from Cherbourg to New York, best Atlantic record—Deutschland, 5 days, 11 hours and 54 minutes.

Record trip of the Kaiser Wilhelm II., ended on June 20, 1904, from Sandy Hook to Eddystone Lighthouse (Plymouth), 5 days, 11 hours and 58 minutes, or an average of 23.58 miles an hour, 3,112 miles. Runs 77, 532, 551, 553, 554, 556, 279.

On Sept. 10, 1900, the Deutschland finished a trip from New York to Plymouth (Sandy Hook to the Eddystone), in 5 days, 7 hours and 38 minutes. Her days' runs were 507, 535, 540, 549, 545, 306—a total of 2,982 nautical miles. Her average speed was 23.36 knots an hour.

The Kaiser Wilhelm der Grosse has crossed the ocean at average speeds of 22.41, 22.79 and 22.61 knots.

Lucania's record trip from Queenstown to New York was finished on the afternoon of Friday, Oct. 26, 1894. Her time was 5 days, 7 hours and 23 minutes, her days' runs having been 529, 534, 533, 549, 544 and 50 miles to the Sandy Hook Lightship. She covered a total distance of 2,779 miles at an average of 21.81 knots.

Best day's run ever made on the ocean by the Deutschland on May 9, 1901, from Cherbourg on the way to New York, 587 knots or 676.61 statute miles, an hourly average of 24.53 knots.

On that remarkable trip the Deutschland followed the southern route, which is 92 miles further than the northern. The Hamburg-American steamer went from port to port within five calendar days.

It was the first and the only time this feat had ever been accomplished.

On that passage the Deutschland travelled 3,142 knots at an average speed for the trip of 22.94 nautical miles an hour. The time of her passage was 5 days, 16 hours and 58 minutes.

On July 17, 1901, the Deutschland finished a trip from New York to Plymouth in 5 days, 11 hours and 5 minutes. She made an average run of 23.51 knots an hour. Her greatest day's run was 557 knots.

The Deutschland's best time from Sandy Hook to Eddystone Light was 5 days 7 hours and 31 minutes over the short course of 2,970 knots.

On April 21, 1903, the Kaiser Wilhelm II. finished a trip from Cher-

LECTURER SPERRY TALKS ON NATURE

Dr. Sperry lectured at the Opera House last evening to a fairly good sized audience. It was the first of a series of lectures to be given by the doctor.

The general subject of the lecture last night was on the scenic wonders of America. These were beautifully illustrated with stereopticon slides which brought the wonderful works of Nature boldly to the front. The result of Nature's handwork in such monuments as Mt. Hood, Mt. Rainier, Mt. St. Helens, the big trees of California, Yosemite valley and its waterfalls and many other wonders were shown and lectured upon.

Dr. Sperry speaks at Y. M. C. A. hall this evening on "Human Conditions and Possibilities."

POLITICAL WORKERS

(Continued from Page 1)

of Health, but that of the Hawaiian people against the Board. I do not mean to say that we should abandon party lines in favor of making a race issue of the matter, but as the Hawaiians have a larger percentage of lepers than any other nationality here, and are consequently the most interested, it is only natural that they are the ones to come to the front in taking it up.

"I think that the executive committee of the Republican Central Committee would pass a resolution in favor of granting the Wallace request, but I do not want to see the matter made a party affair. It should be kept absolutely out of politics, and this will be done if the leaders of all the three parties unite as I have suggested. The Board of Health should have granted the request when it was backed by the Legislature in the first place. I told them that it would be made a political matter, and, as you see, that has been done. It is all very well to say that the leaders should have the courage to stand up against the will of the people in case they see that their wish is a foolish one, but it is a matter of history that a leader has to listen to the voice of the people, and that if he declines to do so his leadership will soon be over, and the people will get what they want in spite of him. The people want to have Wallace given a trial, and I think that it will be the best thing for all concerned that their wish be granted. If he is a fakir, that will soon be found out, and then there will be an end to the whole matter.

"I have no doubt but that if there is a mass meeting called, it will be the greatest meeting of the kind which has ever taken place in the Hawaiian Islands. There will be no party lines drawn, and the request will be made by this gathering will be not a political one but one which is made from the Hawaiian people at large."

While all the political parties are thus getting on the Wallace bandwagon, Charlie Achi, who is kind of a party by himself, seems to be the only one who is standing out against him. "Wallace is a liar, and I can prove it," said Achi this morning. "He was trying to cure my wife, but he did not know at the time that she was my wife. When he found that out he told me that he could not cure her because he did not have one of the ingredients which he needed for his medicine. That, he said, he would have to get from India. I asked him how long it would take him to get it, and he said that it would take three months. I told him that I would wait for it, and that I would pay him whatever money he needed for it. He told me that it would be of no use, as he intended to leave for Japan, where he had received a good offer, in case he was not granted permission to try his cure on the lepers. This was at the time of the Legislature, and though that is much more than a month ago Wallace has not left for Japan, and he has been using his remedy on lots of people although he said that he did not have the necessary ingredients. So you see I know that that man is a liar. He lied to me. I believe he is a fake, and I will do nothing to help him."
